

Match v Somerset at Clevedon Golf Club 13th June 2016

Following our victory over Devon last week Warwickshire Past Captains set off down the M5 to play Somerset at Clevedon Golf Club.

None of us had played there before, but what a gem of a golf course, that offered panoramic views of the Severn Estuary and some spectacular and unique holes.

The charm and friendliness of the Club House made the experience complete, and the weather was remarkably well behaved.

As 6pm approached, Warwickshire began recording a series of victories that resulted in a 5½ to 2½ win that gave us possession of the superb glass trophy for the first time since the fixture began 3 years ago.

Special mention must go to the Captain of Clevedon, Roy Quipp who not only played some great golf but holed in one at the 3rd and then won nearest the pin at the 14th!
