And for this match the message from Tony was:

“Due to the Covid limitations on size of gatherings this event will take place in a slightly less formal way than our normal matches.

We will meet as usual at 12.00 for a light lunch preparatory to the golf.

Golf will commence at 13.00.

Following the games we will not change into jacket and tie formal ware.

Instead as each 4-ball group arrives at the clubhouse they can go straight into the dining room for their meal.

Each group will have their own table and will be served as they arrive.

Once your meals are finished you may repair to the bar or leave the club as you wish.”

### **The Original Course at Castle Farm**

The Kenilworth Golf Club was formed in 1889 when its first premises were at Castle Farm, where 9 holes were laid out. Some of the earliest competitions we have on record were played in 1897, the Gold Medal Scratch competitions for both Men and Ladies..
