

Captains Letter 2025

Fellow Members

Having taken over the reins from Jez Williams in unusual circumstances following the postponement of the Autumn meeting and A.G.M. I look forward to an exciting year.

This year the council have decided that it is no longer viable to publish and distribute a membership book/fixture list. In this electronic era that we live in it is thought that utilising the website and e' mails is the way forward.

The postponed A.G.M. will now take place at the Spring meeting at Sutton Coldfield on 5th May. I urge as many of you can to support this event entry is via the web site.

As you can see on the website Tony Ranger has arranged a tremendous program of inter county matches, please support as many of these matches as you can.

Looking to the future our membership numbers are reducing and I would like you all to try and encourage as many of your club captains who have not yet joined to do so otherwise our society will die on the vine.

Ron Saywell
